REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: In view of Applicant's sworn declaration that the composite obtained by heating a mixture of carrier and metal hydroxide powder causes the metal not to migrate to the surface and thus not be particularly susceptible to moisture: the powder or molten mixture heated at 80-400 degrees, wherein the carrier comprises coal, infusibilized product or active carbon in the composite of the instant claim 1 would not have been obvious to one of ordinary skill in the art at the time the invention was made; and it also would not have been obvious to one of ordinary skill in the art at the time the invention was made to heat the carrier and metal hydroxide powder at 80-400 degrees wherein the carrier comprises coal, infusibilized product or active carbon in the method of manufacturing a composite of the instant claim 16. Method claims 26-29 are allowed, as they depend from allowed claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
